

EXPERIENCE

- UX/UI DESIGNER

IGO SOLUTIONS

JUL 2023 - MAR 2024

Redesigned legacy applications, boosting user engagement. Created seamless user flows and interactive login screens. Integrated UI design with front-end development, resolving navigation issues. Collaborated with teams to align designs with client visions, enhancing products for the shipping domain.

User flows, interactive, front-end development, product design
- UX/UI DESIGNER

THEECODE

MAR 2022 - MAY 2023

Specialized in UX/UI design and research, aligning with business goals for user-centric solutions. Expert in product design and prototyping, integrating front-end development. Developed style guides for consistency and excelled in impactful social media branding to enhance digital presence.

UX/UI design, research, user-centric solutions, product design prototyping, style guides, branding
- GRAPHIC DESIGNER

GANANCIA 360

JUL 2019 - MAR 2022

Designed logos, books, magazines, packaging, and social media content. Transitioned to UX/UI design, integrating functionality with aesthetics. Developed print materials, banners, and signs while ensuring brand compliance. Managed multiple projects efficiently, delivering high-quality results on time.

Logos, books, magazines, packaging, UX/UI, aesthetics
